EDUCATION

Vivekananda Institute of Professional Studies *Delhi, India*
Bachelor of Computer Applications 2022 – 2025
CGPA: 8.0

EXPERIENCE

Ravello Lifestyle *Delhi, India*
Frontend Developer Internship June, 2025 – August, 2025

- Developed **10+ reusable frontend components** for the company website, **improving code modularity by 40%** and ensuring consistent user interface across multiple pages.
- **Integrated and managed RESTful API** calls on the frontend to enable seamless data communication between client-side application and backend services, **reducing data fetch time by 30%**.

PROJECTS

DevKit | **Link** | Next.js, TypeScript, Redis, MongoDB, Shadcn UI, TailwindCSS, Zustand, Next-Auth, Google Gemini API

- Developed a real-time preview system delivering instant code visualization, eliminating local setup overhead and reducing **development iteration time by 80%.**
- Implemented password less authentication via Next-Auth and Google OAuth, streamlining user onboarding and reducing **login friction by 75%.**
- Optimized data retrieval performance through Redis caching layer, achieving **90% faster database queries** and **sub-100ms response times.**
- **Built persistent history feature** allowing users to access and reuse previously generated code snippets, enhancing workflow continuity.

SocialSphere | **Link** | React.js, JavaScript, Tailwind CSS, Shadcn UI, Google OAuth, Redux, WebSockets, WebRTC

- Built a full-featured social media platform for user interaction through follows, posts, and **real-time engagement**.
- Implemented passwordless authentication via Google OAuth, reducing **average signup time by 80%.**
- Engineered real-time chat using WebSockets with **<200ms message delivery**, supporting **50+ concurrent users** and **10-person group conversations**.
- Integrated **WebRTC for peer-to-peer** video calling capabilities.

CERTIFICATIONS

- **IBM Skills Build Internship Program**: Frontend Developer Internship – **View Certificate**
- **Udemy, Angela Yu**: Full Stack Web Development Bootcamp – **View Certificate**
- **HackerRank:** React Developer Certification – **View Certificate**

SKILLS

- **Frontend Technologies**: HTML, CSS, TailwindCSS, JavaScript, TypeScript, React.js, Next.js, Shadcn UI, Framer-Motion
- **Backend Technologies**: Node.js, Express.js, SQL, MongoDB, Redis
- **Frontend State Management Library**: Redux and Zustand
- **DevOps & Tools**: Docker, CI/CD, Git & GitHub
- **Soft Skills**: Problem-solving, Communication, Team Collaboration, Time Management, Adaptability
